

PASSION FOR SPORT

WHAT OUR PARTNERS SAY...

"Passion for Sport combines professional journalism which takes sport seriously with a real commitment to the gospel of Jesus Christ."

STUART WEIR, VÉRITÉ SPORT

"We look forward to continued partnership with you for regular kingdom-focussed, sport-based programmes that have the ability to hook the hearts of those who ordinarily would not tune in to a teaching or preaching programme."

ANTHONY BARKHUIZEN, TRANS WORLD RADIO, JOHANNESBURG

"Passion for Sport is one of the best cutting-edge providers of Christian content in the world."

MARTIN BATEMAN, AMBASSADORS FOOTBALL

"It is important that our programmes not only reflect a Christian influence but are also interesting and topical. Planet Sport ticks all the boxes in these areas."

106.5 RHEMA FM, AUSTRALIA

"Thank you for the programmes from Brazil. From the number of messages you receive from The Gambia via social media I believe you can deduce that Planet Sport Destination Rio is very well received here. Popular as the BBC may be, it cannot claim to have ever attracted such public response as you have with your special programme."

WEST COAST RADIO, THE GAMBIA

"Planet Sport and its speciality programmes bring an encouraging hope found in the testimonies and encouragement shared by the sports personas which other radio stations and programmes just don't provide."

TWR (TRANS WORLD RADIO) EAST AFRICA

"The opportunity to hear about the faith of some of the world's biggest sports stars. My only criticism us that it's not long enough."

99.9 LIVE FM, AUSTRALIA

"Sport is a major reason people listen to the radio and we play Planet Sport to use this fact to draw sports fans to Christ."

93.1 LIFE FM, IRELAND

"We do believe that the popularity of, and interest in, sport makes it an ideal vehicle both for engaging listeners in a topic of interest to them and for presenting a Christian slant in a very acceptable way."

UCA RADIO, AYR, SCOTLAND
